

DEPARTMENT OF CIVIL ENGINEERING

Memorandum of Understanding (MOU)

- We have signed MoU with **Ladder Survey Institute of Technology** for training students in advanced surveying in Total Station
- We have signed the MoU with **TNPCB** (Tamil Nadu Pollution control Board) for “**Continuous Ambient Air quality monitoring station**”, as a result of this MoU we get periodical air quality of Karur district.
 - The air quality data generated from the stations will be utilized by the Institution for source apportionment studies and suggest necessary action plans by using air monitoring models.
 - The suggested action plans from the Institution shall be sent periodically to TNPCB
 - The air quality data generated could be used by the Institution for research purposes only with the consent of TNPCB.
 - To publish any material resulting from the research shall be sent to IIT for validation.
 - The Institution will ensure the safety of the data.
