

ABOUT THE INSTITUTION

M.Kumarasamy College of Engineering was established in the year 2000. The aim of the Institute is to enrich the present generation's knowledge with the latest technologies and developments in various fields of engineering. We have rigorous quality measures to make sure that no compromise is made in the quality of teaching. Our performance has put us as a benchmark for other institutions and we have developed a popular name amongst the student fraternity. We have strong placement cell which has good contacts with the industries and provide students with good industrial exposure and job careers. The Institution offers 7 UG and 6 PG including Applied Sciences and Management branches. The Institution is one among the best self-financing engineering colleges imparting high quality technical education in Tamilnadu and stood first among 125 Engineering Colleges in Coimbatore zone which is affiliated to Anna University Chennai in the year 2011. The college has been elevated to the autonomous in the year 2011.

ABOUT THE DEPARTMENT

Electronics and Communication Engineering department occupies a prominent place in the annals of its academic history and it was established in the year 2000. The department has been consistently producing illustrious engineering graduates of high caliber who occupy prestigious positions in the academic and industrial fields. Our students add zeal to the department by their tremendous winning records in real time project competitions conducted at national level. The department has excellent laboratory facilities with the latest equipments. The department offers UG programme in Electronics and Communication Engineering and PG programme in Communication Systems and VLSI Design.

ABOUT THE CONFERENCE

Objective of this National Level Interdisciplinary Conference is to facilitate academicians, researchers, industrialists & UG/PG

students by presenting cutting edge research issues, Challenges and latest advances in the interdisciplinary field.

CALL FOR PAPERS

This Conference invites unpublished research papers, articles and case studies from authors to present and exchange their insights on the recent developments in Engineering and Technology. Topics to be covered includes (but not limited to)

- Ad-hoc and Sensor Networks
- Biomedical Engineering / Informatics
- Cloud and Mobile computing
- Digital Signal Processing
- Digital and Medical Image Processing
- Embedded Systems
- Remote Sensing
- RF, Microwaves and Smart Antennas
- Wireless and Optical Communication
- VLSI Design

AWARDS & JOURNAL PUBLICATION

Few presentations during the technical session will be awarded as "Best Paper" based on technical session-chair recommendation.

All the accepted papers will be published in Conference proceedings and in **SCOPUS/Web of Science (WoS) Indexed Journals with author's concern.**
