அன்பார்ந்த பெற்றோர்களுக்கு,

வணக்கம்!!!

இரண்டாம் ஆண்டு செயற்கை நுண்ணறிவு மற்றும் இயந்திரவியல் துறை (AI&ML) மாணவர்களுக்கு நடப்பு ஆண்டு (2022 - 2023) பெற்றோர் ஆசிரியர் நேர்முக சந்திப்பு வரும் 07/03/2023 (செவ்வாய்க்கிழமை) மற்றும் 08/03/2023 (புதன்கிழமை) ஆகிய தேதிகளில் நடைபெற உள்ளது.

மேலும், பெற்றோர்கள் இச்சந்திப்பில் மேலே குறிப்பிட்டுள்ள தேதிகளில் தங்களுக்கு ஏதுவான நாட்களில் கலந்து கொண்டு தங்களுடைய பிள்ளைகளின் கல்வித்திறன் மற்றும் செயல்பாடுகளையும் மேலும் தங்களுடைய கருத்துக்களையும் தெரிவிக்குமாறு கேட்டுக்கொள்கிறோம்.

நிகழ்ச்சி நிரல்:

1. முதல் பருவ தேர்வு செயல்திறன்
2. மூன்றாம் செமஸ்டர் வரையிலான மதிப்பெண் அறிக்கை
3. மாலை நேர வேலைவாய்ப்பு வகுப்புகள் குறித்து
4. மற்றவை

CIRCULAR

PARENTS' - TEACHERS' MEETING

Greetings!

On behalf of the Department of Computer Science and Business Systems, it is planned to conduct a Parent-Teacher meeting for the students 2022-2026 batch admitted students for the academic year 2022-2023 even semester. Parents are requested to attend this meeting and discuss about their wards performance in preparing placement training, Assessment exams, and classroom activities and share your views.

Thank You

Date of Meeting – 14.07.2023 (Friday)

Time - 10.00 AM to 1.00 PM

Prepared By

Head of the Department

Mrs. V. Banupriya, M.E., (Ph.D).,
Head of the Department,
Department of Computer Science and Business Systems,
M. Kumarasamy College of Engineering,
Thalavapalayam, Karur - 639 113.

PROGRAMME	B.Tech. Computer Science and Business Systems
------------------	--

Department Vision (CSBS)	To produce competent industry relevant education, skillful research, technical and innovative computer science professionals acquaintance with managerial skills, human and social values.
Department Mission (CSBS)	<ul style="list-style-type: none"> • To impart technical knowledge through innovative teaching, research, and consultancy. • To develop and to promote student ability thereby to compete globally through excellence in education. • To facilitate the development of academic-industry Collaboration. • To produce competent engineers with professional ethics, technical competence and a spirit of innovation and managerial skills.

PROGRAMME EDUCATIONAL OBJECTIVES

After few years of graduation, the Information Technology graduates will

PEO – I	To acquire technical knowledge and proficiency required for the employment and higher education in the contemporary areas of computer science or management studies. { Technical Competence }
PEO – II	To apply their competency in design and development of innovative solutions for real-world problems. { Professionalism }
PEO – III	To demonstrate leadership qualities with high ethical standards and collaborated with other industries for the socio-economical growth of the country. { Life-Long Learning }

PROGRAMME SPECIFIC OUTCOMES

PSO – I	Ability to apply the analytical and business skills to provide sustainable solutions as an engineer/researcher for the real-time applications using Machine Learning, Internet of Things and Data analytics.
PSO – II	Ability to practice ethical and human values with soft-skills qualities in computer science and business disciplines to emerge as an entrepreneur for the growth and development of the society.

PROGRAMME OUTCOMES

PO 1	Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems
PO 2	Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences
PO 3	Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
PO 4	Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
PO 5	Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modelling to complex engineering activities with an understanding of the limitations.
PO 6	The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
PO 7	Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
PO 8	Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
PO 9	Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
PO 10	Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
PO 11	Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
PO 12	Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change

CIRCULAR

PARENTS' - TEACHERS' MEETING

Greetings!

The Department of Electronics and Communication Engineering is planned to conduct Parent-Teacher meeting for 2021-2025 batch students for the academic year 2023-2024 (odd semester). Parents are requested to attend this meeting and discuss about their ward's performance in preparing placement training, assessment exams, class room activities, and share your views.

Thank You

Date of Meeting : 09.09.2023(Saturday)
Time : 09.30 AM to 12.30 PM
Venue : APJ 201 - College Campus

PT&C Coordinator

Head of the Department

PROGRAMME OUTCOMES

PO 1	Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems
PO 2	Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences
PO 3	Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
PO 4	Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
PO 5	Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
PO 6	The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
PO 7	Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
PO 8	Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
PO 9	Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
PO 10	Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
PO 11	Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
PO 12	Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change

PROGRAMME	B.E. Electronics and Communication Engineering
------------------	---

Department Vision	To empower the Electronics and Communication Engineering students with emerging technologies, professionalism, innovative research and social responsibility.
Department Mission	M1: Attain the academic excellence through innovative teaching learning process, research areas & laboratories and Consultancy projects. M2: Inculcate the students in problem solving and lifelong learning ability. M3: Provide entrepreneurial skills and leadership qualities. M4: Render the technical knowledge and skills of faculty members.

PROGRAMME EDUCATIONAL OBJECTIVES

After few years of graduation, the Information Technology graduates will

PEO – I	Core Competence: Graduates will have a successful career in academia or industry associated with Electronics and Communication Engineering
PEO – II	Professionalism: Graduates will provide feasible solutions for the challenging problems through comprehensive research and innovation in the allied areas of Electronics and Communication Engineering.
PEO – III	Lifelong Learning: Graduates will contribute to the social needs through lifelong learning, practicing professional ethics and leadership quality

PROGRAMME SPECIFIC OUTCOMES

PSO – I	Applying knowledge in various areas, like Electronics, Communications, Signal processing, VLSI, Embedded systems etc., in the design and implementation of Engineering application.
PSO – II	Able to solve complex problems in Electronics and Communication Engineering with analytical and managerial skills either independently or in team using latest hardware and software tools to fulfil the industrial expectations

Minutes of Parents teachers Meeting :

- The Department has organized a Parent-teacher meeting on Saturday, 10th September 2022 in the college at 10:00 am. Totally 30 Parents were report for the meet.
- The main purpose of meet was to create a common platform, where teacher and parents come together to enrich the student's educational experiences and discuss variety of issues, regarding all round development of students.

The following faculties were present for the meeting

1. Dr.C.Kumar.Professor/EEE (Head of the Department)
2. Mr.M.Ramesh. AP/EEE (Class advisor, III EEE A)
3. Mr.N.Selvam. AP/EEE (Class advisor, III EEE B)
4. All the subject handling faculties.

Following points were discussed

- Meeting started with tea and snacks at 10.00 AM in Valluvar Hall
- Dr.C.Kumar, Professor/EEE (Head of the Department) briefed the outline of parents teachers meeting and discussed about benefits of PEGA , SAP, Japanese , BEC course and placement statistics of current year with parents.
- Mr.M.Ramesh, AP/EEE (Class Advisor of III EEE A) discussed about vision and mission of institute & department, Department POs, PEOs & PSOs, with parents.
- Mr.N.Selvam, AP/EEE (Class Advisor of III EEE B) discussed the issues with parents like discipline, attendance and behavior of the students.
- Attendance & Mid Semester -I Examination marks were shown to each parents and the parents of students with less attendance were warned with the consequences.
- The parents suggested to Head of the Dept about attendance and marks of their ward should be sent by letter and SMS.
- Parents appreciated the efforts taken for Parents Teacher Meeting by department.
- Mr.K.Manoharan, Mr.S.Prakash spoke on behalf of the parents.

Following suggestions were suggested by some parents

- communication of attendance and academic performance of each student to their respective parents/Guardians
- Parents suggested to conduct coaching class for slow learners.

5. All the subject handling faculties.

The Purpose/Objective of Parent Teacher Meeting

- Building a Partnership where a teacher often introduces parents to their teaching style, discipline methods and classroom policies. Expressing their commitment to your ward's education, such as their organizational skills & positive attitude.
- Gathering Information where teachers & parents can exchange information about wards academic progress like his attendance, marks end semester examinations and internal examinations and also about his/her behavior and discipline, punctuality etc.
- Developing a Plan where the Teacher – Parent together can address a plan to help the student to work through his difficulties or find ways to ensure his continued success.

Meeting started at 10.45 am with power point presentation. Dr.J.Uma, Professor and Head /EEE briefed the outline of parents teachers meeting and discussed about benefits of PEGA , SAP, Japanese , BEC course and placement statistics of current year with parents. The mobile phone usage of students should be monitored by parents.

The class Co-ordinator Mr.M. Ramesh disseminated the vision and mission of institute & department, Department POs, PEOs & PSOs, with parents. The class advisor Mr.N.Selvam discussed the issues with parents like discipline, attendance and behavior of the students. Information regarding the different subjects in third year sixth semester, overall progression of the class and their performance in End Semester Results Nov/Dec 2022 & first internal test (Midsem I).

Parents were informed about university internal eligibility criteria as well as passing criteria and also the importance of attendance for the same. The class co-ordinator to discuss their ward's individual progression. Most of the parents asked about their ward's study progression and how they can improve more for internal exam.

During the last meeting, Parents are suggested to take care the slow learners. So that department conducted the evening test for subject failures in internal examinations.

Following suggestions were suggested by some parents

- Hostel students should monitor properly and should arise any complaints in future.
- Monitor the night study hours in hostel premises.
- Ensure the arrear clearance in upcoming semester examinations.

CIRCULAR

PARENTS' - TEACHERS' MEETING

Greetings!

The Department of Electronics and Communication Engineering is planned to conduct Parent-Teacher meeting for 2021-2025 batch students for the academic year 2023-2024 (odd semester). Parents are requested to attend this meeting and discuss about their ward's performance in preparing placement training, assessment exams, class room activities, and share your views.

Thank You

Date of Meeting : 09.09.2023(Saturday)
Time : 09.30 AM to 12.30 PM
Venue : APJ 201 - College Campus

PT&C Coordinator

Head of the Department

PROGRAMME OUTCOMES

PO 1	Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems
PO 2	Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences
PO 3	Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
PO 4	Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
PO 5	Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
PO 6	The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
PO 7	Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
PO 8	Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
PO 9	Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
PO 10	Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
PO 11	Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
PO 12	Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change

PROGRAMME	B.E. Electronics and Communication Engineering
------------------	---

Department Vision	To empower the Electronics and Communication Engineering students with emerging technologies, professionalism, innovative research and social responsibility.
Department Mission	M1: Attain the academic excellence through innovative teaching learning process, research areas & laboratories and Consultancy projects. M2: Inculcate the students in problem solving and lifelong learning ability. M3: Provide entrepreneurial skills and leadership qualities. M4: Render the technical knowledge and skills of faculty members.

PROGRAMME EDUCATIONAL OBJECTIVES

After few years of graduation, the Information Technology graduates will

PEO – I	Core Competence: Graduates will have a successful career in academia or industry associated with Electronics and Communication Engineering
PEO – II	Professionalism: Graduates will provide feasible solutions for the challenging problems through comprehensive research and innovation in the allied areas of Electronics and Communication Engineering.
PEO – III	Lifelong Learning: Graduates will contribute to the social needs through lifelong learning, practicing professional ethics and leadership quality

PROGRAMME SPECIFIC OUTCOMES

PSO – I	Applying knowledge in various areas, like Electronics, Communications, Signal processing, VLSI, Embedded systems etc., in the design and implementation of Engineering application.
PSO – II	Able to solve complex problems in Electronics and Communication Engineering with analytical and managerial skills either independently or in team using latest hardware and software tools to fulfil the industrial expectations
