## 1. Choosing a Section

Once you login to CAMS Web Portal, there will be a tab called Class Advisor.

Click on Academic Information. Academic Information process opens. First step is Section Choosing.

The Head of the Department will assign the class advisor role for all the years and all semesters from their login. Once they assigned you as the class advisor only then you will be displayed in the list.

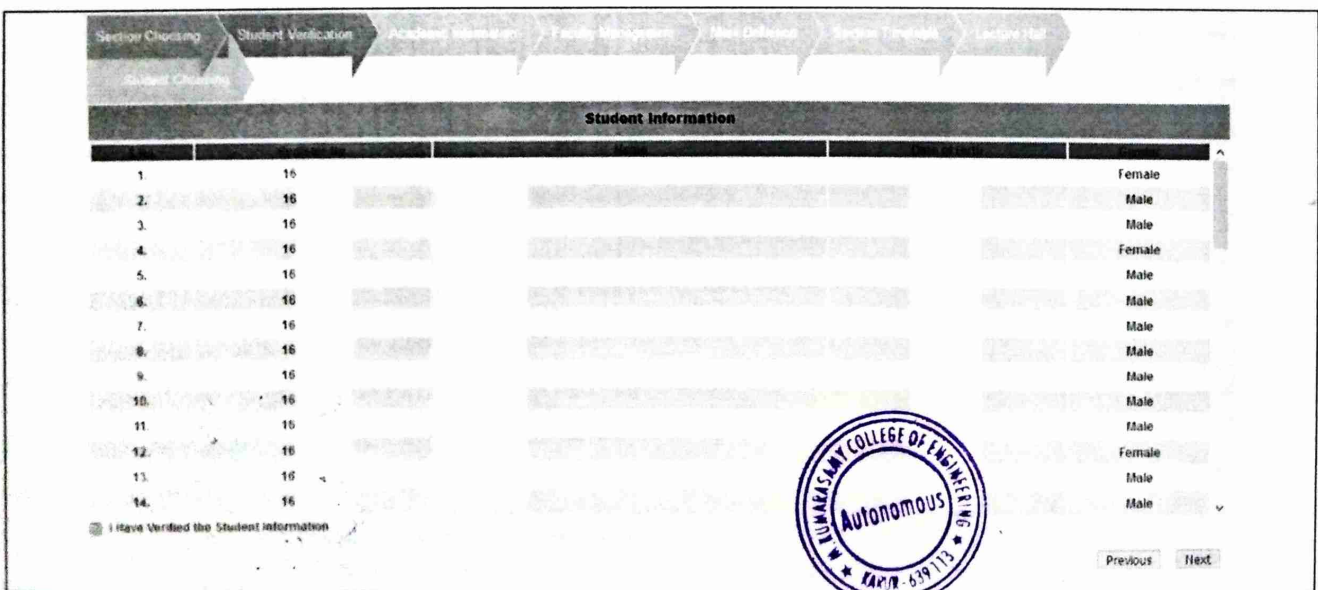

All the classes for which the particular faculty is class advisor will be listed in this section with the details. Even if multiple classes allotted, the class advisor has to click the checkbox of the respective class for which he or she has to enter the details and then click on 'Next' Button.

## 2. Student Verification

All the students who are under your class will be displayed. In this step class advisor have to confirm that all the students present in this list will come under them.

Check the number of students and their names and once everything is ok then click the checkbox at the bottom to confirm your list of students and click next.

### 3. Academic Information

In Academic Information page enter subject information, additionally library hours and other hours like free hours, counseling hours with 0 credit also to be added. Only then we can map the students.

Course Code	TE	Credits	Subject	Add Free Hour	Add Library Hour	Add Counseling Hour	Add Sports Hour	Add Subjects

13. LIBRARY - LIBRARY	SPORTS	0		12	Edit	Subject division		
	LIB	0		13	Edit	Subject division		

#### 3.1 Particulars needed for adding a Course :

##### 3.1.1 Course Code :

- In case the subject is with credits then it will definitely have Course Code. For Example 16ITY04. That has to be entered.
- In case of 0 credit subject then there will not be any official subject code. In that case you can use any common spelled words like FH for Free Hour. COUN for Counseling hour, etc.
- And this time we have given new provision to add 0 credit subjects at single click. We have given buttons to do. Click any one of them and the dialog box will open with all default values filled and you will not be able to edit it since to avoid duplication of these commonly used hours we used this. Just click on the button, a popup will appear. You have to fill the Display Order alone which means the position where the subject you need it to be displayed. And rest of the subjects can be added using Add Subjects Button.
- Do not add any extra text before or after course code and course name. like 14COUN (COUNSELING).

**Academic Information**

Add Free Hour Add Library Hour Add Counseling Hour Add Sports Hour Add Subjects A

**3.1.2 Course Name :** It is the exact Subject Name .

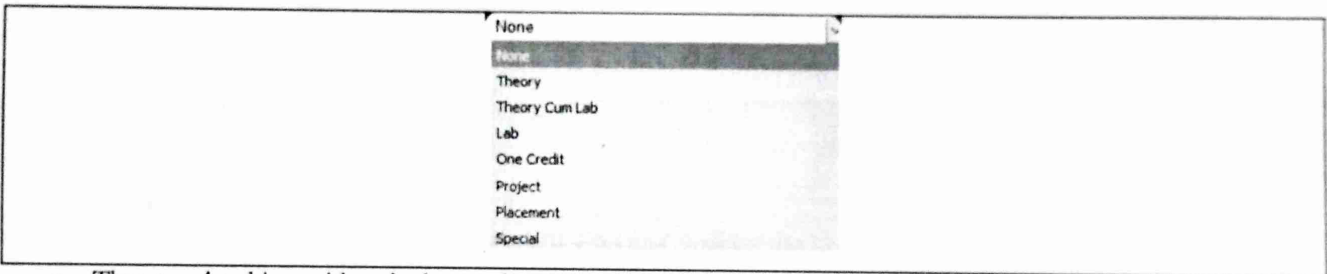

**3.1.3 Credit :** The number of credits the subjects is allocated. You can refer syllabus documents for that number.

**3.1.4 Board Name :** The name of the course offered department. In case the subject Calculus and Linear Algebra is offered for Second Year Engineering Departments like ECE, CSE etc, the Board name will not be ECE or CSE but it will be Mathematics.

**3.1.5 Course Acronym :** This course acronym is the word used to call this subject or represent this subject in timetable shortly. Ex: PPS for Programming for Problem Solving.

**3.1.6 Display Order :** The position where the subject you need it to be displayed. For example, give 1 to display the subject at first in this list.

**3.1.7 Course Type :** We have around 7 subject types commonly used :

- Theory – A subject with only theory classes.
- Theory Cum Lab – A subject with theory classes and lab sessions for same subject code.
- Lab – A subject with only lab sessions.
- One Credit - Same thing like theory subject but its maximum credit a student can earn is 1.
- Project – A subject where students will not write any exams but a final Project Presentation. (Changes applicable)
- Placement – Subject that focuses on Communication, Aptitude etc. These subjects will also have end semester examination.
- Special – All the rest of the hours without credits like free hour, library hour, counseling hour etc wil come under special. (Tips : Use Add Free Hour Button, Add Library Hour Button etc. to add them at one click. ).

Once filled all the data you can click submit. You can see the subject added to the list.

Once all the subjects added, you can click next to go to next module.

#### 4. Faculty Management

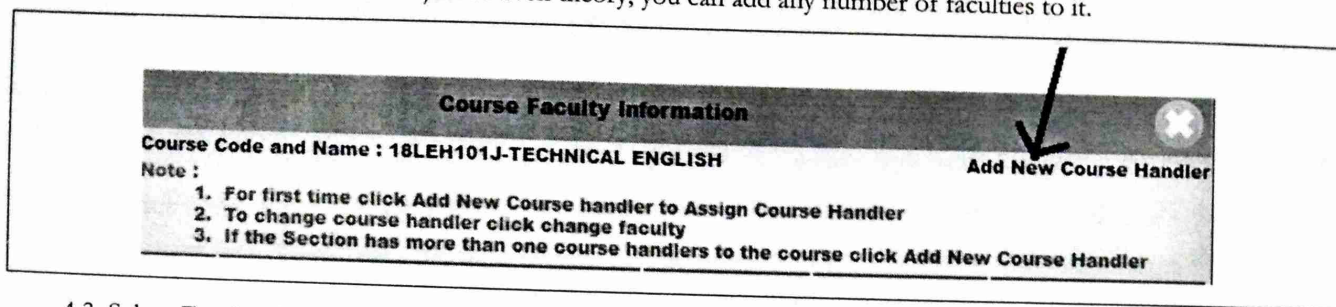

Last step we have added all the subjects. In this step we will be adding faculties for each subject. To do so, follow the steps given below.

Have to repeat same steps for all the subjects :

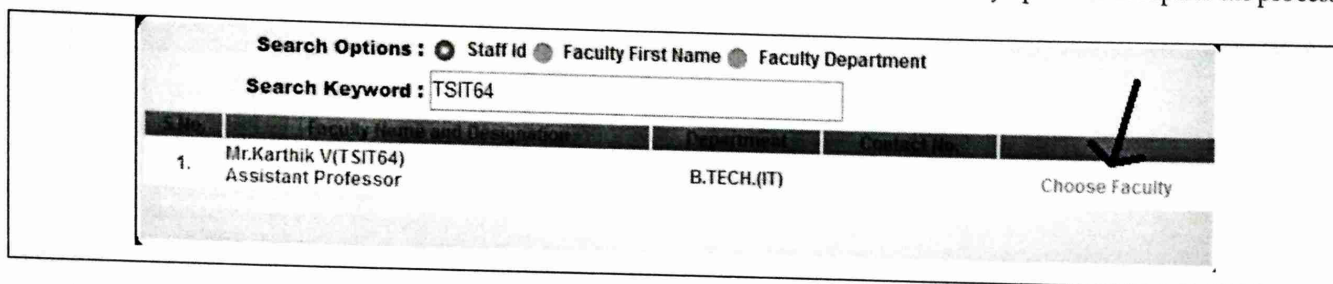

- 4.1 Click on the Choose faculty button on the right most corner of each subject.

4.2 Choose Faculty Information popup will open. Click on Add new course handler. In case in this subject it is handled by two faculties like Lab subject or even theory, you can add any number of faculties to it.

4.3 Select Faculty ID in that search option radio button. There in that search keyword text box type the staff id of whom the subject is allotted. Then press tab alone and wait for few seconds till it fetches the staff details. Once its loaded scroll up to see the details. Once everything is correct click on choose faculty option to complete the process.

4.4 Then close the pop up menu. In the subject list you can find the faculty name is added to corresponding subject. In case of multiple faculties it will display each one of them.

4.5 Then next step is the important one failing which will affect all the process will attendance. There is a button called Batch Split on the right most corner of each subject. You have to click it.

4.6 This subject has around 60 students handled by single staff. Do I need to add batches for this subject? YES. Even if its handled by single faculty, all the students must be mapped to him. By passing this step will leads to attendance issues thought the semester for that particular subject.

4.7 So Click on Batch Split Button. A pop up will open.

4.8 Click on the Faculty Name List Box. Select the faculty for whom the batch is created.

4.9 Then add a name for the batch in the batch name text box.

- a. B1 -> First batch for that subject for that class.
- b. B2 -> Second batch for that subject for that class.
- c. B1, B2 can be commonly used for all the subjects.

4.10 Click Submit button to complete adding batch. In case the students is splitted into two batches for this subjects and handled by two or more faculties then you will have to add batches for all every faculty handling this subject for this class.

4.11 Students count can be ignored at this level.

S.No.	Group Name	Students Register Number	No. of Students	Faculty Name
1.	B1(A1)		0	

Delete Group

4.12 In case you need to change name for the batch, you can delete the group at this step itself. Once proceeded to next step, coming back and deleting the group will create issues in attendance throughout the semester.

4.13 Once everything is over, close the popup .

All these 13 steps have to be completed for all the subjects of a particular class. Click next.

## 5. Mark Definition

In this step all the subjects that carries credit will be listed and mark definition will be loaded by default. In case you want any changes to be done you can do it by clicking Change Definition button, after validation from the COE Office.

[Approve Students](#)

- Once this step is completed for all the subjects you can click finish.
- The list will be sent to the concerned faculty , they have to check the list and approve. With this the process is over. Academic Information can be downloaded from HOD Login. You can download it and submit to the COE Office.

**8.2 CBCS Batches :** You don't need to click update and select students. Instead students will choose the section of hour during Section Choice Time and that list will be automatically updated to this module.

Once the Section Choice is over, then you can click update batch link. The list will be automatically selected with particular students whom chose this subject while Section Choice. After verifying the list you can click Approve Button.

- Once this step is completed for all the subjects you can click finish.
- The list will be sent to the concerned faculty, they have to check the list and approve. With this the process is over. Academic Information can be downloaded from HOD Login. You can download it and submit to the COE Office.
